

Food for Thought

Scripture: Exodus 3:1-15, Luke 19:1-10

Questions to Reflect On:

1. What are the places you feel most valued in life?
2. What are the ways God has uniquely created you as a child of God?
3. How can you use your unique perspective in order to be useful to God in the world?

Add A Little Color to Your Community

For the month of July we have been focused on Creation and now we have a little project for each of you. We invite each person/family to receive a packet of wildflower seeds today in worship and plant them somewhere that is needing a little color.....your neighbor's dead yard, vacant lot, overgrown corner, etc. Spread them out some place that you will see them often as a reminder of God's goodness in the world and hopefully some others might take notice and be blessed as well.

Stephen Ministry Update

Informational Meeting today following worship services

Immediately following each worship service today there will be a short Q&A in the Chapel with Stephen Ministry Leader, Dan Munoz.

Pick up training materials, get your questions answered, get more information, sign up to be on the team, etc.

Stephen Ministry and the Pastor

Stephen Ministry's primary role is to be there for those in crises! But there is another benefit a Stephen Minister is there to fulfill the role of the Pastor. It is similar to the role of a fireman. Like a fireman, the Pastor answers the initial call to crises: a death in the family, a cancer diagnosis, a divorce. The Pastor is there for the spiritual and moral support. After responding to the initial call, the Pastor then needs to be there for the next crises. Like a fireman he cannot stay behind for the rebuild. It is here that the Stephen Minister steps in for the Pastor. The Stephen Minister is there to complete the healing process!

If you are interested in more information or have questions about the training please email me, Daniel Munoz, at: tezzyspeaks@gmail.com
